Solje

the national jewelry of Norway...

Skilled silversmiths have created these treasures for generations. Produced in sterling, these are a wearable link to our Scandinavian heritage. Our collection was crafted in the Mikkeltorg workshop in Telemark, Norway.

First Solje
a gift of heritage

All our Solje is available in either white finish (with gold dangles) or oxidized finish (with silver dangles). Please be sure to specify finish. Screw back versions are available for all earrings at an additional cost of \$13.00 per pair.
